

# Climate Circles

## Sharing feelings on the environmental crisis

A Climate Circle provides a safe space for individuals taking action to address climate change and environmental degradation. Our weekly digital meetings give us a chance to offload some of the emotional weight we may take on during our daily activities, and cannot talk about in the workplace or with our friends and relatives.

**Are you interested in joining the Climate Circle in Bonn?**

Currently our meetings take place in English. If you are interested in meetings in German, please contact us as well!
